Purpose	To offer an opportunity for dedicated and environmentally conscious volunteers to adopt a stretch of state road for which they will be responsible for picking up litter four times a year on a two year contract. Also available are one time cleaning agreements for groups that are not able to commit to four times a year, so they may obtain service hours and provide a much needed service to their community when they have the time to do so.
Service	SHA will provide a sign acknowledging adopting volunteers or groups by name, reflective vests, trash bags, and two SWAT signs to notify motorists that a group is ahead. Groups should call to see which stretch of a state road is available for adoption. Participating parties then sign a two-year agreement stating that they will pick up the litter along their stretch of highway at least four times a year. An agreement will also be included verifying that all safety conditions are understood and will be followed. The minimum age for participation is 12 years of age. Participants under the age of 18 years must be supervised by an adult (18 years or older). Participants are welcome to keep and redeem any recyclables along their stretch of state road. For one time cleaning agreements, reflective vests will be loaned to the group and trash bags will be provided. The vests and leftover trash bags must be returned to SHA for use by other groups.

Service The Chesapeake Region of the Antique Automobile Club of America is the largest antique, classic and collector vehicle club in the Baltimore metropolitan area. Our members reside primarily in Baltimore, Maryland and the surrounding Maryland counties of Anne Arundel, Baltimore, Carroll and Howard. Ownership of an antique, classic or collector vehicle is not a requirement for membership. We welcome new members who are just interested in learning about this fascinating hobby and enjoying the friendship of fellow enthusiasts. Our annual club calendar is filled from March to December with many fun events. We start the year with our antique auto parts flea market and follow with a Spring tour to some interesting area attractions. Throughout the year we hold approximately ten car shows at various regional locations and participate in local parades. As the weather cools and the trees begin to change color, we hold a poker run car tour. For the food lover in all of us, we enjoy a summer crab feast and a delicious end of year membership banquet. Monthly meetings are held on the second Monday at the Divinity Lutheran Church, just north of Towson, Maryland to discuss Club business, enjoy refreshments and socialize. Frequently we have speakers and educational presentations. Visitors are always welcome, to meet with our members and find out what the hobby and our club are all about. We invite you to join us.

Purpose	Designated a National Historic Landmark in 1968, the Baltimore & Ohio (B&O) Ellicott City Station is the oldest surviving railroad station in the country. Built in 1831, Ellicott City (then Ellicott's Mills) was the first stop on the B&O Main Line, 13 miles outside of Baltimore, Maryland. The station was originally designed to handle freight, but eventually transitioned to also serve passengers by 1857. Although passenger service was discontinued in 1949, freight service continued until 1972. The station was preserved and restored by local preservation groups to continue to share the important role the B&O Railroad played in local industrial history.

Purpose	Enriching the lives of those we serve with compassion, respect, excellence and integrity. Every day is an opportunity for Brookdale associates to deeply connect with people in a profound and personal way. For our residents, we provide comfortable lifestyles and caring environments, with opportunities to improve wellness, fulfill lifelong wishes, and stay connected with friends and loved ones. And for those seeking help and information about senior living, we offer answers to their questions and solutions for meeting the unique and individual needs of each resident and their family. It all starts with listening to and understanding the unmet needs of those we are talking with; their hopes and uncertainties for themselves or for loved ones. Then we partner with them to determine a solution designed to help enrich their lives. We believe that growing older doesn't mean the options for enjoying life have to shrink. Our philosophy is that we're all aging, but that should never keep us from living.
Service	Brookdale's brand of Assisted Living provides rewarding lifestyles and comfortable accommodations combined with an exceptional blend of service, care and hospitality. With an impressive line of features and amenities, Brookdale residents enjoy life with all the support they may require. Carefully selected and trained associates do more than assist with activities of daily living such as dressing, bathing and dispensing of medications; they implement custom care plans designed to meet the individual needs of each resident.

Purpose	Since 2001 Sandi and Matthew have been collecting funds every year that they then use to purchase Teddy Bears/ stuffed animals, and with the assistance of Santa and Mrs. Claus they deliver the toys to the Pediatric Oncology Units at both Sinai and Johns Hopkins Children's Centers in Baltimore. These 2 hospitals provide children of all ages with the needed medical care at a very crucial time in their young lives. We in-turn provide the families with a simple gift that carries them through a difficult time and beyond. Camelot West is also a good starting point for information on obtaining assistance in the community for families who are looking for support groups, government non-profits and Special Needs services. It is our Mission to give people in our community A Hand Up not a Handout and working with groups such as the Community Foundation of Carroll County, Get Connected and other non-profits in the community we do our best to assist those who need it.

Service	<p>One of the many services we offer is sponsoring Santa and Mrs. Claus for the City of Westminster since 2012. Santa and Mrs. Claus can be seen in the Miracle on Main Street Holiday parade, the tree lighting and Santa's Treats at the Westminster Library. Children can visit with Santa and Mrs. Claus at their little Westminster House on the front lawn of the Library every Saturday 12-4pm. between Thanksgiving and Christmas. Parents may take their own pictures in a calm relaxed setting. Santa has also been known to have his picture taken with dogs, cats and even a rabbit or two. In 2018 Santa and Mrs. Claus started seeing families at the Carroll County Farm Museum every Sunday from 12-4pm as well. (No pets allowed at the Museum though) Santa and Mrs. Claus have been seen hosting Breakfast with Santa at the Carroll County Career and Tech Center, making Holiday decorations, attending holiday and birthday parties, along with reading stories to children at Nature Centers, Hampstead elementary School and other locations around the community. In 2020 Santa and Mrs. Claus joined the electronic age and participated in Zoom and TEAMS calls with the Carroll County Library and Sinai Hospital. They attended Drive-by Meetings with Santa and Mrs. Claus along with several other opportunities that allowed children in the community to tell Santa what they would like for Christmas. Santa and Mrs. Claus have attending Special events such as Sensory Santa hosted by the Carroll County Family Support Network for Children with Special Needs and Adaptive Parks and Recreation's Jingle Bell Hop both held at Carroll Springs Elementary School, Cookies with Santa at Hampstead Elementary School, and patronizing local restaurants such as O'Lordan's, Johansson's, Classico Pizzeria, JeannieBird Baking Company and Lost Lion in the Month of December.</p>

Purpose	It all begins with a simple yet important phone call. Choosing a safer senior housing option, or a company to help an older adult age in place at home, unfortunately, cannot be made by appearance and online reviews alone. What is most important is something that really can't be seen. It is "Can this community or agency really care for your senior?" That's why CarePatrol's advisors complete a "Care Discovery" and base our recommendations on care options that can specifically meet your individual needs and preferences.
Service	We provide free advisory services to those needing additional services at home or in a care community including: *Discovery of specific needs through a personalized care questionnaire * Introduction to agencies and care communities which meet an individual's specific needs and budget * Guided tours of communities, to include full care details and transparent pricing *Transition support to including that on moving day *Continuing care support that endures long after services begin or move-in occurs
Eligibility	There are no specific eligibility guidelines; however, if an individual's budget will not support the costs of services or living arrangements needed, we connect them with any and all community programs and services available in their area.
Fees	Free to individuals and their families

Purpose	Civil Air Patrol has a three-part mission that includes, Emergency Services, Aerospace Education and Cadet Programs. CAP volunteer members play a leading role in providing aerospace education and serve as mentors to more than 26,000 young people currently participating in cadet programs. Cadets pursue programs that develop leadership skills, advance the importance of aerospace and cyber technology and teach a sense of duty and purpose in community service. Civil Air Patrol, the longtime all-volunteer U.S. Air Force auxiliary, is the newest member of the Air Force's Total Force. In this role, CAP operates a fleet of 560 aircraft, performs about 90 percent of continental U.S. inland search and rescue missions as tasked by the Air Force Rescue Coordination Center and is credited by the AFRCC with saving an average of 80 lives annually. CAP's 63,000 members also perform homeland security, disaster relief and drug interdiction missions at the request of federal, state and local agencies. In addition, CAP plays a leading role in aerospace/STEM education, and its members serve as mentors to over 26,000 young people participating in CAP's Cadet Programs. Visit <a href="http://www.GoCivilAirPatrol.com">www.GoCivilAirPatrol.com</a> or <a href="http://www.CAP.news">www.CAP.news</a> for more information. More than 1,500 CAP members serve in Maryland. Last year wing members flew 13 search and rescue missions. The wing was credited with five finds and one life saved. Maryland Wing flew 32 missions for the State of Maryland. Members flew 2,106 hours in all mission categories. Volunteers contributed services estimated at 4.6 million dollars.
Service	CAP's Carroll Squadron cadet programs are structured leadership development programs for youth ages 12-20. Meetings are held from 7 to 9 p.m., every Tuesday in Westminster. The Civil Air Patrol is an aviation oriented volunteer organization where young men and women learn teamwork, leadership skills and have fun at the same time. The Carroll Squadron programs provide an opportunity for cadets to earn student service-learning hours as required for Maryland school graduation. Adult members can pursue interests in emergency services, as well as mentoring cadets in aerospace education and other cadet programs. For pilots, Carroll Squadron's Cessna 172 flies over 200 hours every year, most of which are paid for while our volunteers fulfill various Missions for America. If you have the skill and the desire to give back to aviation, we'd like you to fly with us. If you are interested in becoming a cadet or senior member, you are welcomed to attend one of our meetings for more information.
Eligibility	Senior Officers - over age 18; Cadets - 12 to 21, but have to join before they turn 19.
Fees	Members pay squadron fees and CAP national annual dues.

Purpose	Everybody's Quilt Guild welcomes all members and visitors to our home on FaceBook at Everybody's Quilt Guild Events. Here you will find information about our organization.
Service	Our History: Everybody's Quilt Guild began in October 1987, by a group of women who wanted to share their love of quilting. Guild members met in individual homes. As the guild grew, it became a member of the National Quilting Association. Today, Everybody's Quilt Guild has continued to grow and has over eighty active members. Meetings and Membership: Our Guild typically meets on the first and third Wednesday of each month. The first meeting is when we conduct our business meeting, engage in fellowship, and share quilting news and information, as well as Show 'n Tell. This is also when we have guest speakers. The doors open at 6pm and our meeting begins about 630pm. Our meeting on the third Wednesday, mid-month has doors open at 530pm and our meeting begins about 6pm. This is when we have demonstrations for our Block of the Month and workshops. Our monthly meetings are designed to educate our members and guests in traditional and new methods of quilting techniques and to promote the art of quilting in all its forms. We embrace all skill levels from beginner to advanced. We hold an Annual Charity Quilt Bingo in May and we also have our, "Fall Harvest of Quilts" Quilt show on even numbered years in November. The charities that we contribute to include, but are not limited to: Comfort Pillows, Linus Project, and Valor Quilts. We also fund an annual scholarship for a student pursuing a degree in the Textile Arts.

Fees	\$35 annual fee; in addition - buying and/or selling raffle tickets every other year

Purpose	Lazarus Church is a community of faith, rooted in the German Reformed and UCC traditions, pursuing a lifelong love relationship with Jesus Christ.

---

**Service** Worship services are held Sundays at 10:15 AM and 6:30 PM at the Lineboro VFD Hall. My goal is that they may be encouraged in heart and united in love, so that they may have the full riches of complete understanding, in order that they may know the mystery of God, namely, Christ, in whom are hidden all the treasures of wisdom and knowledge. Colossians 2:2-3 NIV Encouragement. Unity. Understanding. Mystery. These were the words that Paul used to describe the passion in his heart for Jesus Christ. And at Lazarus Church these are the same ideas that are driving our spiritual life together. Through meaningful community, committed discipleship, and transforming mission, we are drawing nearer to Christ who drew near to us and wants to radically change our lives and bring us into the abundant life of the Trinity through the cross of Christ. How do we do this? We are intentional about practicing an ancient faith much larger than any personality or denomination. While this congregation's history is the German Reformed tradition, expressed today in the United Church of Christ, our faith is solidly rooted in the ancient traditions of Scripture, Creed, and Sacrament. We believe that these timeless truths are quite relevant today, bringing Christ's love into our lives at this particular time and place. We invite you to come experience this community of faith. Now that you've spent some time here, come spend some face time with us! May the Lord bless you and keep you!

Purpose	The primary goal of the program is to enable participants to build self-confidence and take an active role in maintaining their health and managing their chronic health conditions.
Service	Living Healthy, Living Well is an Evidence-Based Self-Management program originally developed at Stanford University, and licensed through the Maryland Living Well Center of Excellence. These are workshops taught in 2 ½ hour sessions, once a week, for six weeks. Workshops are led by two trained lay leaders and are held in community settings such as community centers, senior centers, recreation centers, churches, libraries, clinics and hospitals, in groups of 10-16 individuals. Carroll County's Living Healthy, Living Well Program is licensed to deliver Chronic Disease Self-Management, Diabetes Self-Management, and Chronic Pain Self-Management, and train lay leaders to lead their own programs. Living a Healthy Life with Chronic Conditions or Living a Healthy Life with Chronic Pain books are provided at no cost for each participant to use as a resource throughout the workshop (voluntary donations are accepted). Alternatively, individuals can receive a mailed 6-week, self-paced at home self-management Tool Kit for any of the programs offered (Chronic Disease, Diabetes or Chronic Pain), and take part in a weekly one-hour small group (2-3) conference call with a trained leader. Outcomes of these self-management programs include, improved health literacy, patient activation for self-management, increased physical activity, and improvement in: depression, unhealthy physical days, medication compliance, better health outcomes (reduced fatigue, pain, shortness of breath, stress, and sleep problems), fewer sick days, and reduced Emergency Department and hospitalization. Assumptions that underlie the program are that people with chronic conditions have similar concerns and problems, and they must deal not only with their disease, but also the impact these have on their lives and emotions. The programs were developed for people with chronic health problems and their significant others (spouses, close friends, close relatives) or for family caregivers of people with memory loss. Two trained leaders facilitate workshops. Besides condition-specific information, all workshops have some common elements. These include: action-planning, decision-making, and problem-solving. All workshops are designed to be self-tailoring. This means that different participants will be working on different behavior changes and problems, depending on their own needs and preferences. Workshops are highly participative, where mutual support and success build the participants' confidence in their ability to manage their health and maintain active and fulfilling lives. These programs will not conflict with existing programs or treatments, as they are designed to enhance regular treatment and disease-specific education. *Workshops are currently being held virtually. For more information, call 410-386-3818 or email LivingHealthy@carrollcountymd.gov. Or visit the Living Healthy, Living Well website <a href="https://www.carrollcountymd.gov/livinghealthy">https://www.carrollcountymd.gov/livinghealthy</a> .

**Purpose** One of the more unique features to the McDaniel campus is its own nine-hole golf course. Students and staff can play the course for free but the course is also open to the public year-round. In the spring of 2009, the golf staff moved into a new 2,000-square foot clubhouse that features offices for both the men's and women's coaches as well as a meeting room for the teams and a showroom for the merchandise sold at the course. In 2015, the golf course added an 18 hole FootGolf course to compliment the 9 hole golf facility. Available for persons of all ages, they host fundraisers for sports teams, birthday parties, corporate team building, etc. The basic premise is golf but played with a soccer ball going to holes measuring 50-150 yards trying to get the ball into a 21" cup in the least number of strokes. The course is open year round with tee times recommended on weekends. For videos, prices and additional information: [www.mcdanielathletics.com/footgolf](http://www.mcdanielathletics.com/footgolf)

Purpose	To promote a more peaceful and cohesive community by providing a free, expedient, and informal alternative to settling disputes.
Service	This informal and consensual process involves using a trained neutral person, a mediator, to help people in a dispute communicate with one another, understand each other, explore possible solutions, and, if possible, reach agreements that meet the participants' needs and resolve their differences. During this collaborative process, individuals work with the mediator to seek lasting solutions. The mediator does not decide who is right or wrong; he or she merely assists the parties in coming to an acceptable solution. Mediation empowers people to resolve their own problems in a constructive way that may enable them to avoid conflict in the future. Situations that are appropriate for mediation through this program are family, friend, or neighborhood disputes including misdemeanor criminal acts (such as trespassing, telephone misuse, and harassment), and certain simple assaults.
Eligibility	Any Carroll County resident may use this program.
Fees	No fees are charged.
Ages Served	Serves all ages.

**Purpose** To provide a program of therapeutic horseback riding to children and adults with physical, cognitive, and emotional disabilities.

---

**Service** The program also provides a training center for Special Olympics Carroll County equestrian athletes. Therapeutic riding uses horses as tools to facilitate the physical, cognitive, emotional, and social skills of individuals with disabilities. The movement of the horse's gait develops and strengthens the normal gait of the physically challenged rider. Improved balance and sensory integration are other physical benefits. In addition, learning a new skill and mastering control of such sizable animals increases self-esteem. The therapeutic riding experience is rich in language input and opportunities to develop cognitive skills as well. This program provides different opportunities for various riders based on their needs and interests. The program adheres to the standards of the North American Riding for the Handicapped Association to determine rider eligibility. A physician's referral is required of all prospective participants to screen for medical contraindications to riding. This program is entirely staffed by volunteers who fill many roles, such as instructors, side-walkers, horse handlers, facility maintenance and clerical support. New volunteers are always needed; training is provided. Contact Peggie at the number or email address above for registration information. Program operates September through October, and March to June.

Purpose	To operate, preserve, and maintain the historic Union Mills Homestead complex, built in 1797.
Service	The Union Mills Homestead is open seasonally for guided tours, providing visitors a glimpse into the lives of the six generations of one family that lived here over 160 years. The site is open for tours in May and September on weekends only from noon to 4 pm. From June through August, it is open 10 am to 4 pm, Tuesday through Friday, and weekends noon to 4 pm. Closed Mondays. The Union Mills Homestead complex is a museum of American culture providing visitors a view into two centuries of Maryland history. Interpretive tours through the historic Shriver Homestead reflect the evolution of rural living over a period from the Washington administration through the mid-twentieth century. The restored, working Grist Mill demonstrates how grist mills were among the earliest of American industries, using waterpower and automated milling technologies to turn grains into flour. The Homestead is known for its variety of annual events: the Flower & Plant Market the first weekend in May, Civil War Encampment on the 3rd weekend of July; the Annual Corn Roast Festival the first Saturday in August; and the Maryland Microbrewery Festival the last Saturday in September. The Union Mills Homestead is located on Route 97, seven miles north of Westminster and about 15 miles south of Gettysburg, Pennsylvania.

Purpose	Thousands of families in Maryland, Virginia and Washington D.C. are unable to get decent jobs and support themselves because they lack adequate transportation. Vehicles for Change (VFC), a 501(c)3 organization, removes that obstacle by accepting and repairing donated cars and awarding them to families at very affordable prices, enabling low-income families to become self-sufficient.
Service	A nonprofit organization, VFC receives 99 percent of its car donations from the public. We refurbish cars that meet our quality standards and award them for as little as \$750 to eligible families, who are referred to us by social service agencies. Since 1999, VFC has awarded cars to more than 4,000 low-income families, changing the lives of more than 14,000 people.
