Maryland Department of Transportation, SHA

Westminster Maintenance Shop, 150 Wyndtryst Drive, Westminster, Maryland 21157

410-876-2061
Purpose To offer an opportunity for dedicated and environmentally conscious volunteers to adopt a stretch of state road for which they will be responsible for picking up litter four times a year on a two year contract. Also available are one time cleaning agreements for groups that are not able to commit to four times a year, so they may obtain service hours and provide a much needed service to their community when they have the time to do so.

Service SHA will provide a sign acknowledging adopting volunteers or groups by name, reflective vests, trash bags, and two SWAT signs to notify motorists that a group is ahead. Groups should call to see which stretch of a state road is available for adoption. Participating parties then sign a two-year agreement stating that they will pick up the litter along their stretch of highway at least four times a year. An agreement will also be included verifying that all safety conditions are understood and will be followed. The minimum age for participation is 12 years of age. Participants under the age of 18 years must be supervised by an adult (18 years or older). Participants are welcome to keep and redeem any recyclables along their stretch of state road. For one time cleaning agreements, reflective vests will be loaned to the group and trash bags will be provided. The vests and leftover trash bags must be returned to SHA for use by other groups.

Purpose To restore, preserve and display antique, classic, or historic vehicles.

Service The Chesapeake Region of the Antique Automobile Club of America is the largest antique, classic and collector vehicle club in the Baltimore metropolitan area. Our members reside primarily in Baltimore, Maryland and the surrounding Maryland counties of Anne Arundel, Baltimore, Carroll and Howard. Ownership of an antique, classic or collector vehicle is not a requirement for membership. We welcome new members who are just interested in learning about this fascinating hobby and enjoying the friendship of fellow enthusiasts. Our annual club calendar is filled from March to December with many fun events. We start the year with our antique auto parts flea market and follow with a Spring tour to some interesting area attractions. Throughout the year we hold approximately ten car shows at various regional locations and participate in local parades. As the weather cools and the trees begin to change color, we hold a poker run car tour. For the food lover in all of us, we enjoy a summer crab feast and a delicious end of year membership banquet. Monthly meetings are held on the second Monday at the Divinity Lutheran Church, just north of Towson, Maryland to discuss Club business, enjoy refreshments and socialize. Frequently we have speakers and educational presentations. Visitors are always welcome, to meet with our members and find out what the hobby and our club are all about. We invite you to join us.

Eligibility Anyone interested in these automobiles is welcome.

Fees Nominal dues are charged.

comfortable lifestyles and caring environments, with opportunities to improve wellness, fulfill lifelong wishes, and stay connected with friends and loved ones. And for those seeking help and information about senior living, we offer answers to their questions and solutions for meeting the unique and individual needs of each resident and their family. It all starts with listening to and understanding the unmet needs of those we are talking with; their hopes and uncertainties for themselves or for loved ones. Then we partner with them to determine a solution designed to help enrich their lives. We believe that growing older doesn't mean the options for enjoying life have to shrink. Our philosophy is that we're all aging, but that should never keep us from living.

Service Brookdale's brand of Assisted Living provides rewarding lifestyles and comfortable accommodations combined with an exceptional blend of service, care and hospitality. With an impressive line of features and amenities, Brookdale residents enjoy life with all the support they may require. Carefully selected and trained associates do more than assist with activities of daily living such as dressing, bathing and dispensing of medications; they implement custom care plans designed to meet the individual needs of each resident.

To plan, manage, and monitor public mental health services for the citizens of Carroll County. Services target individuals needing mental health treatment, and whom are also eligible for the Medical Assistance, Medical Assistance for Families, MD Children's Health, or Primary Adult Care programs.

As an integrated entity, the CSA forges the local delivery system through a variety of partnerships with clients and families, mental health and human service providers, vocational programs, and the criminal justice system. As navigators, the CSA is often the first point of contact for citizens seeking treatment; the CSA services as a local and regional guide to facilitate appropriate service linkages. A variety of media are used to educate the community on mental health services and topics. As fiscal regulators, the CSA leads the process of establishing Results-Based Accountability in the monitoring of programmatic contracts and performance measures. As public health agents, we plan for our role in the event of a county disaster to administer "emotional first aid".

Purpose Cedarhurst Unitarian Universalists (CUU) is a progressive congregation grounded in the liberal religious tradition. As Unitarian Universalists, we affirm human worth and dignity, encourage the free search for truth, and commit ourselves to help create a society in which there is respect and justice. Rather than calling upon certainties, we encourage each person to engage in life to the fullest of our capacities.
Cedarhurst Unitarian Universalists (CUU) is an open spiritual community in which people develop their own religious philosophy. We draw from many wisdom traditions, including: Judaism, Christianity, Sufism, Buddhism, Hinduism, Taoism and Earth Religions. We also find inspiration in the traditions of science, poetry, philosophy and literature. We are a spiritual community living by principles, not creeds. We seek truth and meaning in life. We affirm and promote the dignity of every person - extending love and acceptance to all. We have a long-standing commitment to the full inclusion of all-without regard to race, age, sexual orientation or gender identity, economic status, disability, etc. We believe that the human family is one and that the love that binds us in greater than any fears that could divide us.

Eligibility  All are welcome.

| Purpose | Everybody’s Quilt Guild welcomes all members and visitors to our home on the Internet. Here you will find information about our organization. |
| Service | About EQG History: Everybody's Quilt Guild began in October 1987 by a group of women who wanted to share their love of quilting. Guild members met in the individual homes of the members until they started growing. As the guild grew, it became a charter member of the National Quilting Association. Today, Everybody's Quilt Guild is still growing and has over eighty active members.  
Meetings & Membership: Everybody’s Quilt Guild meets the first Wednesday of each month to conduct the business of the guild, engage in fellowship, and share quilting news and information. The meeting starts at 7:00 p.m. at St. John Portico |
on Monroe Street in Westminster, MD. Anyone interested in the guild is invited to attend a maximum of two meetings as a guest before becoming a member. Membership dues are $30.00 per year. A mid-month meeting is held on the third Wednesday of each month. This meeting is open to all who wish to participate in additional guild activities. Programs & Workshops: Our monthly meetings are designed to educate members in new as well as traditional quilting techniques and to promote the art of quilting in all of its forms. In addition to our regular monthly meetings, the guild sponsors several hands-on workshops throughout the year covering a variety of quilting techniques and related subjects. Events & Community Outreach: One of the big events that Everybodys Quilt Guild hosts is a Miniature Quilt Bingo held every year in the spring. It is a fun evening for guild members and guests. The guild also hosts a bi-annual quilt show. The quilt show, "Fall Harvest of Quilts" is held in the beginning of October during odd numbered years. You can find date and direction information by looking on our Miniature Quilt Bingo and Quilt Show Info pages. Year round, Everybodys Quilt Guild focuses on community projects in which the art of quilting is used to promote a worthy cause. Comfort Pillows are collected and donated to the Woman's Place at Carroll Hospital Center and other area facilities as needed. Everybodys Quilt Guild also supports Linus Projects, making quilts for hospitalized children, and we offer a scholarship to a Carroll County Public Schools' student who is going on to pursue a study in textiles. Fun Stuff: Show and Tell - This is a time to show your quilt, wall hanging, or clothing project that you have completed. No need to be intimidated, the guild embraces all skill levels from beginner to advanced. Member's Block Exchange - When you join Everybodys Quilt Guild your name is placed on a list. Every three months a few names are announced and a stipend is given to those members to purchase fabric. The member then puts their fabric and directions into kits and lets other members of the guild take and put them together to make a block. The blocks are signed before being returned and this makes a nice member's quilt. Block of the Month - Learn a new technique every month and a chance to win enough blocks to make a top.

Eligibility Everyone is welcome.

Purpose: The mission and goal of FIA-Baltimore is to teach fencing at all levels to inquisitive and dedicated participants in a community atmosphere. Club members and students enjoy an environment that is structured and family oriented. Community among the members is constantly stressed. The coaching staff is 100% dedicated to developing a supportive cadre of fencers and supporters of fencing that are knowledgeable, dedicated and committed to the growth of the sport. What sets
FIA-Baltimore apart from other fencing organizations is our unfaltering commitment to the athlete, the person and the activity itself. Age, ability, income, race, family status, background or religious affiliation do not factor into our instruction or interaction at all; rather, differences are the foundation of the club and its mission. Through Fencing Institute we also promote whole family participation. We encourage the parents of our younger students to be involved. Parent/child lessons are available. We also provide a non-fencing health and exercise program, with individual support and without the meat-market feel of the big health clubs.

Purpose
We inspire girls to be joyful, healthy and confident using a fun, experience-based curriculum which creatively integrates running. Over a period of 10 weeks, girls in the 3rd through 5th grade participate in an after-school program like no other. Designed to allow every girl to recognize her inner strength, the Girls on the Run curriculum inspires girls to define their lives on their own terms. Throughout the season, the girls make new friends, build their confidence and celebrate all that makes them unique.

Service
The Girls on the Run lessons encourage positive emotional, social, mental and physical development. Participants explore and discuss their own beliefs around experiences and challenges girls face at this age. They also develop important strategies and skills to help them navigate life experiences. We start with helping the girls get a better understanding of who they are and what's important to them. Then, we look at the importance of team work and healthy relationships. And, finally, the girls explore how they can positively connect with and shape the world.

Purpose  Lazarus Church is a community of faith, rooted in the German Reformed and UCC traditions, pursuing a lifelong love relationship with Jesus Christ.

Service  Worship services are held Sundays at 10:15 AM and 6:30 PM at the Lineboro VFD Hall. My goal is that they may be encouraged in heart and united in love, so that they may have the full riches of complete understanding, in order that they may know the mystery of God, namely, Christ, in whom are hidden all the treasures of wisdom and knowledge. Colossians 2:2-3 NIV Encouragement. Unity. Understanding. Mystery. These were the words that Paul used to describe the passion in his heart for Jesus Christ. And at Lazarus Church these are the same ideas that are driving our spiritual life together. Through meaningful community, committed discipleship, and transforming mission, we are drawing nearer to Christ who drew near to us and wants to radically change our lives and bring us into the abundant life of the Trinity through the cross of Christ. How do we do this? We are intentional about practicing an ancient faith much larger than any personality or denomination. While this congregation's history is the German Reformed tradition, expressed today in the United Church of Christ, our faith is solidly rooted in the ancient traditions of Scripture, Creed, and Sacrament. We believe that these timeless truths are quite relevant today, bringing Christ's love into our lives at this particular time and place. We invite you to come experience this community of faith. Now that you've spent some time here, come spend some face time with us! May the Lord bless you and keep you!

Purpose The primary goal of the program is to enable participants to build self-confidence and take an active role in maintaining their health and managing their chronic health conditions.

Service Living Healthy, Living Well is an Evidence-Based Self-Management program created by Stanford University. These are workshops given 2 ½ hours, once a week, for six weeks, in community settings such as community centers, senior centers, recreation centers, churches, libraries, clinics and hospitals. Carroll County’s Living Healthy, Living Well Program is licensed to deliver Chronic Disease Self-Management, Diabetes Self-Management and Cancer Thriving and Surviving Small Group, in addition to training lay leaders to lead their own programs.

Research shows that CDSMP participants exhibit: significant improvements in energy, health status, social and role activities, and self-efficacy, as well as improved health status in seven of nine variables: fatigue, shortness of breath, pain, social activity limitation, illness intrusiveness, depression, and health distress. Fewer visits to the emergency room and reduced hospitalizations help participants save. Assumptions that underlie the program are that people with chronic conditions have similar concerns and problems and they must deal not only with their disease, but also the impact these have on their lives and emotions. The programs were developed for people with chronic health problems and their significant others (spouses, close friends, close relatives) or for family caregivers of people with memory loss. Two trained leaders facilitate workshops. Besides condition-specific information, all workshops have some common elements. These include: action-planning, decision-making, and problem-solving. All workshops are
designed to be self-tailoring. This means that different participants will be working on different behavior changes and problems, depending on their own needs and preferences. Workshops are highly participative, where mutual support and success build the participants’ confidence in their ability to manage their health and maintain active and fulfilling lives. These programs will not conflict with existing programs or treatments, as they are designed to enhance regular treatment and disease-specific education.

Purpose  To promote a more peaceful and cohesive community by providing a free, expedient, and informal alternative to settling disputes.

Service  This informal and consensual process involves using a trained neutral person, a mediator, to help people in a dispute communicate with one another, understand each other, explore possible solutions, and, if possible, reach agreements that meet the participants' needs and resolve their differences. During this collaborative process, individuals work with the mediator to seek lasting solutions. The mediator does not decide who is right or wrong; he or she merely assists the parties in coming to an acceptable solution. Mediation empowers people to resolve their own problems in a constructive way that may enable them to avoid conflict in the future. Situations that are appropriate for mediation through this program are family, friend, or neighborhood disputes including misdemeanor criminal acts (such as trespassing, telephone misuse, and harassment), and certain simple assaults.

Eligibility  Any Carroll County resident may use this program.

The Maryland General Assembly changed the dates of the Presidential and Gubernatorial Primary elections and as a result both the Frederick and Carroll County Board of Elections recommended the town of Mount Airy change their elections to fall on odd numbered years beginning in 2015. The Town Council had determined that it was in the best interest of the Town and its citizens to hold the
2012 and 2014 elections as scheduled on the first Monday in May then to effect changes in the Town Charter to thereafter begin to hold Town elections in odd numbered years beginning in 2015. Elections will continue to be held on the first Monday in May. Three town council members are elected at the same time and two years later the mayor and the remaining two town council members are elected. The Mount Airy Town Council meets at 7:30 pm the first Monday of each month at the town office.

Purpose Established in 1853, the Catholic Parish of St. John in Westminster exists to proclaim the loving presence of God to all in the community. This challenge and opportunity is based upon the foundations of sacramental living, witnessing to faith by service and striving for unity by celebrating the Sacred Liturgy with such joy that all members are motivated to share Jesus with others, emphasizing the importance of family life, encouraging and providing learning opportunities for renewal in the Catholic faith, enabling each individual to use his/her gifts and talents in service to all, and recognizing that we need the help of the Holy Spirit in achieving the unity we seek as we acknowledge diversity.

Purpose To combine the authority of Holy Scripture and the wisdom of the historic Church into a powerful revelation of God's Spirit and Truth.

Service Weekly worship service: Sunday at 10:30 am; nursery is provided. Sunday School is at 9:10 am from September to mid-June. Bible Study meets every Wednesday at 7 pm. Special summer activities include Vacation Bible School. St. Stephen's Classical Christian Academy meets at this facility; contact Eric Jorgensen for more information at 410-795-1249.
SSCCA began with a common vision placed by God into the hearts of a few parents from St. Stephen's parish and the local Christian community. The intent was and still is to provide a quality education for children from Christian parents in an environment that acknowledges the Lordship of Jesus Christ over all things temporal and spiritual. The classical approach was chosen because it works best. A parish setting was chosen because it is God's means to train up His people. SSCCA is a classical and Christian school, committed to the academic excellence promoted in the Trivium, teaching in the light of a Christian worldview, that is grounded in the Old and New Testament Scriptures. The ideals of SSCCA in the year 2000 are the same today. Where we have matured is in our ability to adapt classical Christian curriculum to the variety of students who attend the Academy. Our teachers are not only gifted to teach well but experienced to teach the curriculum so that every student reaches his or her potential. SSCCA holds membership with both the ACCS-Association of Classical and Christian Schools, and ACSI-Association of Christian Schools International. SSCCA remains centered on the essentials of offering a quality education within a God fearing environment. We are committed to continue the same until He returns. Gloria Patri, et Filio, et Spiritui Sancto!

SSCCA's goals are based on the principle of outreach as described by our Savior in Acts 1:8: "But you will receive power when the Holy Spirit comes on you: and you will be my witnesses in Jerusalem, and in all Judea and Samaria, and to the ends of the earth." To assist parents of St. Stephen's Reformed Episcopal Church in fulfilling their responsibility of training their children in accordance with Deuteronomy 6:4-12 and Ephesians 6:4. To assist Christian parents in the community to fulfill their responsibility under the same principles mentioned above. To educate unchurched children in the community that they and their families might know the Lord Jesus Christ as their personal Savior. Born out of these goals are the objectives SSCCA seeks to put into practice. Students will examine all truth learned through the lens of faith in God who has revealed Himself in the Holy Scriptures. Students will integrate subjects helping create a synthesis of knowledge which points to the Author of all truth. Students will be trained in the basic doctrines of the Historic Christian faith as they are articulated in the Apostle's and Nicene Creeds. A minor emphasis will be placed on the doctrines of
the Reformed Episcopal Church as found in the Thirty Nine Articles of Religion. Students in the Grammar Stage will receive a foundation for future education which will emphasize the subjects of Mathematics, Reading and the English language. Students in the Logic Stage will be trained in proper research and introduced to formal and informal logic as they continue to build upon foundational subjects. An increase emphasis on the Sciences and History will be made. Students in the Rhetoric Stage will develop personal skills that will enable them to articulate and defend truth. Proper speech, writing techniques and etiquette will be placed upon the foundational subjects already described.

The program also provides a training center for Special Olympics Carroll County equestrian athletes. Therapeutic riding uses horses as tools to facilitate the physical, cognitive, emotional, and social skills of individuals with disabilities. The movement of the horse’s gait develops and strengthens the normal gait of the physically challenged rider. Improved balance and sensory integration are other physical benefits. In addition, learning a new skill and mastering control of such sizable animals increases self-esteem. The therapeutic riding experience is rich in language input and opportunities to develop cognitive skills as well. This program provides different opportunities for various riders based on their needs and interests. The program adheres to the standards of the North American Riding for the Handicapped Association to determine rider eligibility. A physician’s referral is required of all prospective participants to screen for medical contraindications to riding. This program is entirely staffed by volunteers who fill many roles, such as instructors, side-walkers, horse handlers, facility maintenance and clerical support. New volunteers are always needed; training is provided. Contact Peggie at the number or email address above for registration information. Program operates September through October, and March to June.

Purpose
Thousands of families in Maryland, Virginia and Washington D.C. are unable to get decent jobs and support themselves because they lack adequate transportation. Vehicles for Change (VFC), a 501(c)3 organization, removes that obstacle by accepting and repairing donated cars and awarding them to families at very affordable prices, enabling low-income families to become self-sufficient.

Service
A nonprofit organization, VFC receives 99 percent of its car donations from the public. We refurbish cars that meet our quality standards and award them for as little as $750 to eligible families, who are referred to us by social service agencies. Since 1999, VFC has awarded cars to more than 4,000 low-income families, changing the lives of more than 14,000 people.
